How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Play **Baby Charades** as you observe your baby's cues and signals in different moments. Engage your infant in one activity at a time and watch to see how they respond. You can do things like:
 - Use a toy or household item that makes noise to play with them,
 - Turn on lively music and dance with them in your arms, and
 - Make a fan using something such as a paper plate, and fan the air above their face.
