How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Show your baby the **Basic Care Box Book**. Make up a story about the different pictures on the box or simply talk with them about the pictures. You might say something like:
 This is a bathtub. You LOVE to take baths and splash in the water.
 Now you see the red toothbrush. Once you get your first tooth, we'll begin brushing it with a toothbrush.
3. As you show your infant the pictures, encourage their curiosity as you let them touch and explore the box.
