How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. As you provide basic care to your baby, use the **Play Station** to create fun and joyful interactions.
3. For example, as you're bathing your infant, you might grab a plastic cup from the **Play Station** for you and your baby to explore during bath time, or you may pull out a homemade toy to show them as you change their clothes.
4. As you play with your baby, remember to watch their cues and signals that let you know they're enjoying an object, or they'd rather explore another item in their **Play Station**.
