

Sight Seeing

Handout A41

Other toys and objects I can use for this activity:

- _____
- _____
- _____

Which Daily Do I want to focus on practicing:

- _____

When will we do this activity:

- _____
- _____

Which skills or concepts I want my infant to learn:

- _____
- _____

How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Gather a colorful toy or safe household object that you think your baby would like to see. Then put your baby on the floor and place them on their back.
3. If you're able, get on their level, and hold the toy or object about 10 inches away from their face. **VERY** slowly move the item from left to right. As you move the object back and forth, describe to your baby what they're seeing, doing, and feeling.
