How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Select a traditional song or a song that is special to your family's culture to sing to your baby. Looking into your infant's eyes, sing the song while you make your face expressive.
3. Use your hands to highlight certain words or move their hands or feet to the rhythm of the song. Remember, you can also do this activity as you provide basic care to your baby like when you're changing, bathing, or feeding them.
