How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Place 3 to 5 basic care items that your baby can play with in a box with a lid that easily opens. For example, you might put things like a washcloth, plastic cup, and a baby hat inside.
3. Place the box at a distance of 10 to 12 feet away from your infant. Encourage your baby to go explore what's inside the box.
4. As they look through the items, talk with your infant about the different objects.
