

In the Can Handout A60

Other safe household items my baby can put in the container:

- _____
- _____
- _____

Which Daily Do I want to focus on practicing:

- _____

When will we do this activity:

- _____
- _____

Which skills or concepts I want my infant to learn:

- _____
- _____

How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Show your baby the can that you made and support them to drop safe household objects through the hole. You can also help them explore how to remove the lid and dump the items out of the container.
3. As they explore how the different objects fit in the container, you can talk about things like sizes and sounds. For instance, you might say something like:

You dropped your rattle in the container. It made a LOUD noise.

Now, you're pushing your spoon through. It's SMALLER than your rattle.
