How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Show your baby the **Lots of Lids** toy that you created as you let them explore the lids and container. As you play with them, show your infant how to drop the rings or lids through the slot.
3. As they explore the toy, talk with them about what they're hearing, seeing, touching, doing, and feeling. You might say something like: **You're holding the purple lid. It has a zebra on it. Now, you're banging the lid on the container. Look at you trying to push the lid in the container. That's hard work!**
