When will we do this activity:

- _____
- _____

Which skills or concepts I want my infant to learn:

- _____
- _____

How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Place a piece of paper on the floor or table in front of your infant. Then sit them on your lap or on the floor.
3. Put some crayons in front of your baby and show them how to make marks on the paper. As your infant explores the crayons and paper, point out their efforts and tell them what they're learning. For instance, you might say something like: **You're touching the blue crayon. It's pointy at the top. Now, you're patting the paper. You're working hard to figure out how these crayons and paper go together.**
