How to do this activity:

1. Use **Ready for Play and Learning** to see if your baby is ready to play and learn. Remember to use **5 Steps to Success** as you help your infant explore their natural curiosity during the activity.
2. Find a small to medium familiar toy or object that your baby likes to play with. If you're able, get down on their level and show them the toy. You might say something like: **Look! I have your favorite bear!** Stand your GGK® Parent Handbook up between the bear and your infant to create a barrier.
3. Hold the toy to one side of the binder until their eyes focus on it, then move it behind the binder so that it's out of their sight. Wait for a moment and then make it appear on the other side. As you do this activity, say something like: **Where did your bear go? Where is the bear? There's your bear! They're on the other side. Peek-a-boo!**
